

JUAN FRANCISCO SCHALLIBAUM

Full Stack Developer.

Open for remote work / Relocation proposals.

About me

Passionate Fullstack Developer with experience in JavaScript, HTML5, CSS3, React.js, Node.js and Next.js, complemented by a background in psychology. Excited to contribute to collaborative teams and continue growing in this field. My psychology degree provides me with a unique ability to establish effective client relationships, allowing me to deeply understand their needs and create customized solutions. I am dedicated to creating user - centered applications that not only meet technical requirements but also offer engaging and enjoyable user experiences.
